TOURING CAPE TOWN

UBUNTU FOOTBALL ACADEMY TOUR

Football (soccer) is big in South Africa, and huge in townships here. Help boys from disadvantaged backgrounds realise their soccer dreams by visiting this football academy in Masiphumelele, a multi-cultural township in the South Peninsula. The only Southern African football academy providing globally recognised football training, and a no-fee, independent school education, Ubuntu uplifts these young soccer players. Your visit – interacting with their team and students – invests in their future.

Ubuntu: ‘I am who I am because of you’.
